Welcome to Hunters Hill High School by the Principal

Hunters Hill High School is a unique school situated in what must be the most scenic site of any government school in Sydney.

It is unique not just for its geographic location, but for its connection with the natural landscapes of bushland and waterways. The school, which has a population of just under 800 students, is the perfect size in maintaining a sense of the individual while ensuring we are able to all make strong and positive connections as part of a community. This is reflected in the strong welfare ethos that runs through the school's policy and programs. Moreover, our size ensures that there are many leadership and extra-curricular opportunities catering for students with interests in the fields of both the sport and the creative arts.

Hunters Hill High School is staffed by a dedicated group of teachers who not only have passion for their subject, but an expertise that offers an innovative and exciting approach to their classrooms. Students develop creative and critical thinking skills that put them in good stead for the world. The school aims to nurture self-reliant, resilient and responsible young citizens. A fact that is reflected in the success of Hunters Hill High School alumni who have transitioned into a variety of professional fields and exciting endeavours.

Above all, Hunters Hill High School is a happy school. Students are happy to attend, earn and strive for their best whilst their teachers are happy to commit and make those efforts necessary to guide and mentor their students on their way to being quality young adults.

Mr Greg Lill Hunters High School Principal

General Information

School Address:	Reiby Road Hunters Hill 2110
Phone Number:	9817 4565
Email Address:	huntershd-h.school@det.nsw.edu.au
Website URL:	https://huntershd-h.schools.nsw.gov.au/
DEC School Code:	8207
School Motto:	Opera Ad Maiora – By Hard Work to Greater Things
School Founded:	1958
School colours:	Navy, white.

Hunters Hill High School's motto is **opera ad maiora**, which means **'work for higher endeavour'**. It has been displayed on the school's crest, which has adorned the school uniform since the school's foundations in 1958. 'Work for higher endeavour' is also embedded in the school's strong community spirit, its belief in social justice and its aspirations for all students to 'reach for the stars'.

Welcome from the Year 8 Adviser

Welcome to the new school year. Now you are in Year 8 and the initial stress of starting school is a distant memory, you can begin the year with excitement and enthusiasm.

This book outlines requirements for all courses you do and other relevant information you may need. If you have problems and need help, you should see me your Year Adviser.

I am located in the Languages Staff Room and I am available to help you individually and as a group over the next twelve months. You are welcome to seek my assistance whenever you need it.

Good luck this year at Hunters Hill High.

Your Year Adviser Ms Leshia Reynolds PDHPE Faculty

Pattern of Study in Year 8

In Year 8, students will be required to study:

Mandatory units

- English
- Mathematics
- Science
- History
- Geography
- Languages

- Visual Arts
- ♦ Music
- ♦ PD/H/PE
- Technology

Who's Who?

Mr Lill Principal

Ms O'Donnell Deputy Principal Yrs 7, 9, 11

Ms Sawyer R/Deputy Principal Yrs 8, 10, 12

Year 7 – 12 Year Adviser

Year 7 Ms Banerjee

Yr 10 Mr Centurion

Year 8 Ms Reynolds

Yr 11 Ms Hutchinson

Year 9 Ms Guo

Yr 12 Mr Habbouchi

Apart from your class teachers and head teachers, there are other members of staff with whom you will be in contact. These are people who are willing to assist you in any way they are able.

Other People You Need to Know Senior Teachers and Head Teachers (HT)

Creative & Performing Arts	Ms Sarah Cross	(HT)
English	Ms J Brierty	(HT)

Mathematics	Mr B Neilsen	(HT)
Science	Mr G Dennis	(R/HT)
Teaching and Learning	Ms J Austin	(R/HT)
Administration	Ms R Evans	(R/HT)
Welfare	Ms N Pollak	(A/HT)
Student Support Officer	Ms T Harvey	
Sports Organiser	Ms L Reynolds	
Careers	Ms N Polak	

School Psychologist and Student Support Officer

From time to time, we all experience difficulties or worries and it is often helpful to discuss these concerns with somebody. We have both a School Psychologist and Student Support Officer (SSO) on site every day. The office for the School Psychologist is located on the first floor of Block K on the western side. Our SSO has an office in the Common Room.

Referrals may come from parents and teachers, or students can self-refer directly.

Parents should contact the Year Adviser if they have welfare concerns and these will be raised with the wider Wellbeing team to determine the most appropriate course of action. Students can self-refer by speaking to their Year Adviser or completing a request slip directly with the School Psychologist or SSO. Students will be called out of class at the earliest appointment.

Our team also works directly with any external services you may have engaged. We can help students' practice successful strategies to build their resilience

Head Teacher Welfare Address

Students achieve greater results (socially, emotionally and academically) if they feel *known*, *valued* and *cared for*. Wellbeing, or the lack of it, can affect a student's engagement and success in learning. Developing a strong sense of belonging has the potential to bring about positive changes.

At Hunters Hill High School, our UMatter Welfare program is designed to help build students' capacity to cope with challenges, resolve issues respectfully and to develop a strong culture of learning. By encouraging our students to be positive Upstanders, rather than Bystanders, we are developing a community of tolerant, kind and empathic young people.

Our students will be expected to contribute to their own wellbeing, the wellbeing of their peers and the collective wellbeing of the School. In this way our School, in partnership with parents and carers, will equip our students to be active and positive contributors to the society in which they live.

Our students are encouraged to build strong rapport with their UMatter Mentor teachers and to positively participate in the interactive sessions. These relationships are characterised by constructive interactions that provide enthusiastic and genuine support. They are important because they help build social and emotional skills and in turn, nurture other positive, caring and respectful relationships.

In addition to the support of the UMatter Mentor teachers, our Student Support Officer can help students reflect on their wellbeing needs and develop the ability to set and achieve goals for the future. Our Student Support Officer can offer mediation strategies and help connect families with external support agencies.

Hunters Hill High School has also embedded a positive behaviour merit system where students are recognised for their outstanding academic, interpersonal and intrapersonal successes. Merit awards accumulate and students are presented with Bronze, Silver and Gold Awards to recognise personal achievement.

So what can you do at home to support your child?

Please take some time to discuss with your child how they are managing exam stress, time management issues or negotiating friendships. Help your child develop strategies that show strength in situations of peer pressure, manage conflict with peers, and better cope when upset or disappointed. You may like to help your child design a study timetable or allocate regular periods of time in the day that are reflective and devoid of technology.

With your help, we want our students to recognise that there are people who are willing to support them in feeling *known, valued* and *cared for.*

Nikki Polak Acting Head Teacher Welfare

School Expectations Hunters Hill High School

Hunters Hill High School provides a safe, secure environment based on respect, trust and support. Students should make the most of the opportunities provided to maximise their learning. If students follow the school rules quality teaching and learning remains the focus at Hunters Hill High School.

Our Community at Hunters Hill High School take pride in being: safe, respectful, active learners.

The key words must be "Safe, Respectful', and 'Active Learning'. They go hand in hand and impact on both social and academic maturity and progress.

To be successful as a student you will need to be ...

SAFE

- Get up on time, dress yourself, arrange your breakfast, get to school on time
- Perhaps pack your own lunch
- Arrange own social activities with friends
- Initiate contact with teachers regarding any difficulties at school
- Take responsibility for your own behaviour, especially in classroom situations
- Be confident to express your own ideas

RESPECTFUL

- Being polite, courteous and well mannered when dealing with other people
- Putting your hand up to answer questions and waiting your turn to speak
- Looking after furniture and equipment
- Leaving others' belongings alone
- Using appropriate language

ACTIVE LEARNERS

- Pack your bag with all necessary equipment for the school day
- Record all homework each day in your diary
- Manage completion of homework on time -you may need advance planning for assignments or tests
- Maintain equipment necessary for school activities diaries, working pens, calculators, pencils, ruler as well as sport equipment
- Keep your home study area ready for work

Areas to think about....

- Focus on your strengths.
- Try and complete homework and assignments on your own.
- Find a suitable area for homework (not the kitchen table/bench).
- Be responsible for your own equipment, books etc.
- Try and do your own research for homework assignments.
- Try and develop or find a study method that works for you.

Hunters Hill High School Promoting Active Learning

- Bullying other / Dangerous behaviour
- Abusing a staff member or visitor to school
- Abusing other students
- Being physically aggressive
- Being violent or out of control
- Leaving the room without permission
- Openly defying teachers and other staff
- Receiving a 3rd warning
- Serious breach or repeated breach of laptop usage contract
- Any behaviour that seriously undermines learning or our school values
- Being late or unprepared for class

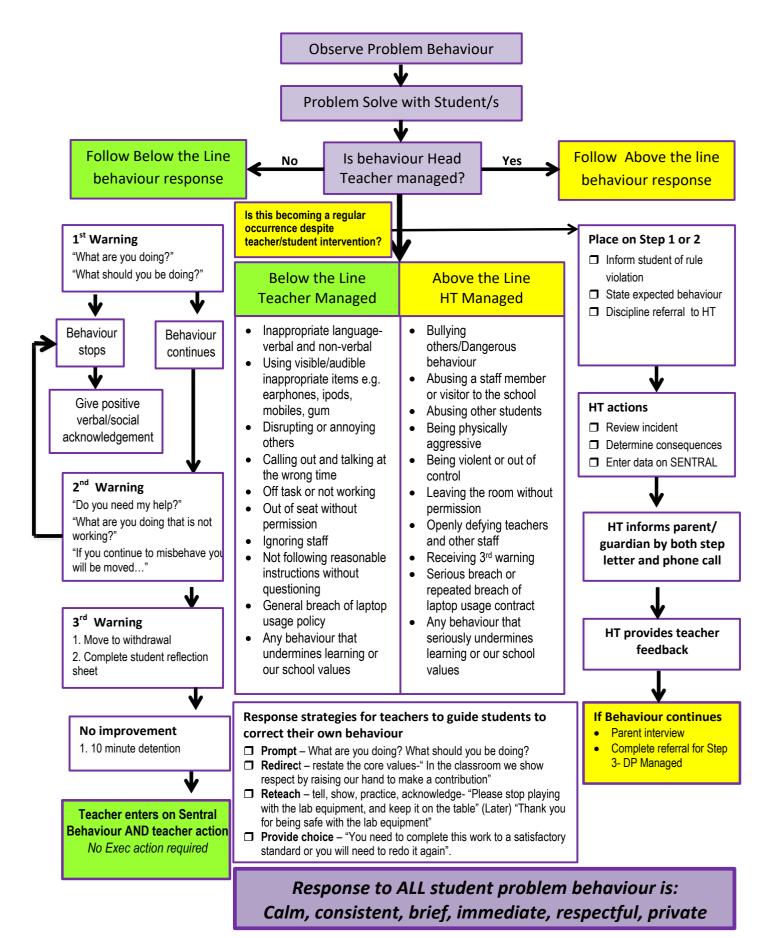

- Using inappropriate language verbal and non-verbal
- Using visible/audible inappropriate items e.g. earphones, ipods, mobiles, gum
- Disrupting or annoying others
- Calling out and talking at the wrong time
- Off task or not workin
- Out of seat without permission
- Ignoring staff
- Not following reasonable instructions without questioning
- Name calling or annoying others
- General breach of laptop usage policy
- Any behaviour that undermines learning or our school values

ABOVE THE LINE behaviour

= IMMEDIATE TIME OUT or REMOVAL and REFERRAL

- **BELOW THE LINE behaviour**
- = 1st or 2nd WARNING or other CONSEQUENCES

Behaviour Management Flowchart for every new lesson This goes in-conjunction with the HHHS step discipline system

HHHS Learning Framework (Environment) - Classroom Behaviour Management Flowchart

Our School's Code of Conduct

(DRAWN UP BY THE STUDENT BODY)

1. To Strive for Excellence and the Best Possible Education

I will need to discipline myself to attend all my classes to learn all I can, to co-operate with the teachers and to participate in the activities of the school.

2. To Strive for a Safe and Hygienic Environment

I will need to act in a safe and sensible way that will not endanger me and/or others: including not smoking, drinking alcohol or taking drugs. I will also need to maintain a high standard of personal hygiene and help to keep the school clean and beautiful at all times.

3. To Always Respect other People and their Rights

I will need to be considerate and supportive of others and respect their right to learn. Bullying, teasing, abusive behaviour and interfering with other people's property have no place in our school.

4. To Respect our School

I will need to help keep the classrooms, furniture and grounds of the school in good order. Damaging school property and defacing text books have no place in our school.

Students are expected to be Safe, Respectful and Active Learners

Student's Rights and Responsibilities

Rights	Responsibilities
Every student has the following rights:	So that students' rights are possible, every student has the following responsibilities:
To learn	To do their best and to allow others to learn
To be heard	To allow others to be heard
To be respected	To respect other people and their property
To be safe	To allow everyone to feel safe
To have an hygienic environment	To maintain the school environment and its hygiene

Hunters Hill High School Behaviour Expectations

Our community at HHHS takes PRIDE in being:	Everywhere	Classroom	Playground	Canteen	Corridors & stairs	Toilets	Sport & excursions
Safe (for ourselves and others)	Be on time Act responsibly Wear the correct uniform Follow the rules on the use of electronic devices	Bring the correct equipment including diary, books, and stationery Sit in assigned seat Keep visible/audible items eg earphones, iPods, mobiles and gum in bag	Follow teacher instructions Stay in supervised areas Play and act responsibly	Line up quickly Avoid blocking exits	Report incidents Line up quickly and sensibly outside your room No phone calls or videos or taking photos	Go to the toilet during breaks Report mess and/or graffiti) No phone calls, videos or taking photos	Be prompt with payments Show good sportsmanship No phone calls, videos or taking photos
Respectful (to ourselves, others and their property)	Be considerate of staff and other students Follow instructions from staff Use polite and appropriate language Treat other students and staff the way you would want to be treated	Allow others to learn Speak at the right time Use your device only when instructed	Keep the area clean Use manners and speak calmly	Keep the area clean Only buy for yourself Use your manners	No yelling, screaming or public displays of affection Walk quietly and sensibly to class Keep your hands to yourself and respect others personal space	Keep the toilet area clean and graffiti free	Behave appropriately in public and on public transport Follow the rules of the venue
Active learners (in all aspects of school life)	Work to achieve your best Make good choices and learn from your mistakes	Listen attentively to teacher and peers Attempt all work Have a positive attitude	Play fair and by the rules Move to class on the warning bell	Make good nutritional choices Listen to the teacher on Duty	Know where your rooms are Greet teachers and visitors in a polite and friendly manner	Be hygienic and wash your hands	Make a genuine effort to participate Participate to the best of your ability

School's Discipline System

Hunters Hill High School has a 'Step System' which has a number of sequential levels to offer a moderated response to disciplinary issues.

Prior to any use of the 'Step System', teachers would use their normal repertoire of disciplinary strategies, including, but not limited to:

- Positive encouragement
- Rewarding constructive behaviours
- Appropriate warnings of breaches of the school's Code of Conduct
- Counselling by the teacher
- Other imposed consequences
- Moving students within the classroom
- Isolating the student within another teacher's class

Step 1 involves the classroom teacher counselling the student and making contact with the family.

Step 2 is managed by the relevant Head Teacher and involves student counselling and contact with the family.

Step 3 is managed by the Deputy Principal and involves student counselling and contact with the family.

The school has a range of monitoring books to assist students with improving their behaviour. The monitoring responsibility for these books is shared between the school and the parents on a day-by-day check of each lesson.

- Yellow Book monitors attendance only- At school, this is supervised by the Head Teacher Teaching and Learning.
- Green Book monitors all subjects (frequently at the student's or a parent's request) At school, it is checked daily by the Year Adviser.
- Blue Book monitors all subjects (usually after moderate misbehaviour) At school, it is checked daily by the Deputy Principal.
- Red Book monitors all subjects (usually after suspension or serious misbehaviour) At school, it is checked daily by the Deputy Principal.

The most extreme behaviours including theft, violence, aggressive behaviour and continued disobedience may invoke the use of DoE guidelines for suspension and expulsion.

School's Merit System

Hunters Hill High School has a reward system whereby students can be rewarded for exceptional work, contributions to school service and sustained effort. Any worthwhile school endeavour can be acknowledged in this way. Students are awarded positive Merits via Sentral which accumulate towards Bronze, Silver or Gold Certificates. These are then presented to students at Year Meetings and Whole School Assemblies.

The Merit Certificates

- 1 Merit: Issued by teachers for school service and extracurricular participation
- 20 Merits: Bronze Award Certificate issued at Year Meeting by YA.
- 50 Merits: Silver Award Certificate issued at Whole School Assembly
- 100 Merits: Gold Award Certificate issued at Whole School Assembly

The Merit and Discipline Systems dovetail together to form the major components of the school's Welfare System.

The Process

to faculty of school service

excellence. The student is

congratulated/notified in class.

Step 4: Students invited to end of year

reward excursion based on cumulative

merit points and overall achievement.

Step 1: Teacher awards student a "merit" on Sentral. This can be due Step 2: Prior to each UMatter Year Meeting, the YA generates a Sentral report to see who has gained merits for the fortnight. During the Year Meetings, Bronze Awards are handed out.

Step 3: Prior to each Whole School Assembly the YA generates a Sentral report to ascertain if any student is eligible for a Silver or Gold Award to be presented in front of the school community.

School's Welfare System

Hunters Hill High School endeavours to offer support for its students and to cater for the well-being of these students. A team of teachers known as the Learning Support Team lead the staff in meeting the welfare needs of our students. This team meets weekly to address student support issues. Members of this team include:

Year 7 Adviser	Ms Banerjee
Year 8 Adviser	Ms Reynolds
Year 9 Adviser	Ms Guo
Year 10 Adviser	Mr Centurion
Year 11 Adviser	Ms Hutchinson
Year 12 Adviser	Mr Habbouchi
School Psychologists	Ms S Hameed, Ms B Hanson
A/HT Welfare	Ms Polak
Student Support Officer	Ms Harvey
Learning Assistance and Support Teachers	Ms Zerk, Ms Thibaux
R/HT Teaching and Learning	Ms Austin
R/HT Administration	Ms Evans
Deputy Principals	Ms O'Donnell Ms Sawyer (Relieving)

The school works to enhance student resilience through a range of programs and strategies run through our UMatter mentoring program or additional activities including: Reward Excursions, Duke of Edinburgh Award Scheme, Peer Support, Peer Support Leader Training, Recognition Assemblies, Morning Teas, Student Representative Council, Year 6 Orientation Program and Variety Night Talent Program.

The monitoring book program allows the partnership between school and home to assist students to obtain regular and ongoing feedback on meeting course and behavioural requirements. This program has assisted many students in modifying their behaviours to improve classroom performance.

Our School Psychologists and Student Support Officer (SSO) are available to students through self-referral, teacher and parent referral to provide assistance with issues that arise from time to time during adolescence.

Hunters Hill High School has a clear anti-bullying policy. Students have the right to work and learn in an environment that is free from harassment. A range of strategies including mediation, family intervention, teacher intervention and disciplinary measures are used to address bullying. Parents who wish to raise a welfare concern or issue with the school should make contact with the relevant Year Adviser for your child.

School Procedures and Policies

1. Student Attendance at School

Regular attendance at school is essential if students are to maximise their potential and achieve course outcomes. Regular attendance and engagement in educational programs is strongly linked to the likelihood of students experiencing success in learning. Students who exhibit poor patterns of attendance are at risk of not achieving their potential and are disadvantaged in the quality of choices they are able to make in later life. Schools, in partnership with parents, are responsible for promoting the regular attendance of students. While parents are legally responsible for the regular attendance of their children, school staff monitor part or whole day absences as a part of their duty of care.

a. Daily Absence

Student absences should be explained within seven days of an occurrence of absence. Parents can explain these via the following means:

- Calling the school's attendance office at any time Ph: (02) 9817 4565. If leaving a voicemail please clearly state your child's name, Year and reason for their absence
- Replying to the SMS and/or email sent by the school
- Writing and signing a note that the student can hand in at student reception (if they are absent for a day or two)
- Providing a doctor's certificate

Reasons for absences such as the following may not be justified:

- Shopping
- Sleeping in
- Working around the house
- Caring for younger siblings and other children
- Minor family events such as birthdays
- Hair cuts

Parents are required to contact the Year Adviser/Head Teacher Welfare if ongoing attendance issues occur. If it is a prolonged illness, then medical certificates are required.

b. Exemption from Attendance at School

Principals, Directors, Public School and Executive Directors (School) may grant exemption due to:

- Exceptional circumstances (including the health of the students where sick leave or alternative enrolment is not appropriate)
- The child being prevented from attending school because of a direction under the Public Health Act 2010. (The parent is not required to complete an application for exemption)
- Employment in the entertainment industry refer to children's employment
- Participation in elite arts or sporting events

c. Overseas and Interstate Travel

The following procedures need to be adopted if students are thinking about taking an overseas or interstate trip with their family. We encourage families to travel during school holidays. Any student who is taking leave needs to give the school notice and completing a Certificate of Extended Leave - Travel form. The Principal can approve up to 100 days leave. More than 100 days leave requires the approval of the Director.

A two or three month trip would mean that the student will not have the right number of school time hours, and therefore the Principal will not be able to sign the form that says he/she has satisfactorily met the course requirements. In such a case the student may need to repeat the year of courses involved. To be given consideration for satisfactorily meeting course requirements a student returning from leave would need to demonstrate that they have caught up on all missed course work including class notes, course summaries and assessment tasks and worked toward achieving the outcomes of all courses.

d. Procedure for leave application

- Obtain a copy of the Application for Extended Leave Travel form from the Hunters Hill High School website or you can request a copy of the form by emailing the school.
- Have the form completed by your parents and returned to the Principal;
- Attach a copy of the itinerary or airline tickets; and
- You may need to make an appointment to discuss your proposed absence from school with the Principal.

Please note that approved leave is no longer classified as an exemption.

2. Lateness and Early Leavers

Students are expected to be at school prior to 8.45am. This ensures that students don't miss out on the important learning activities scheduled early in the day when students are most alert, helps students learn the importance of punctuality and routine, and gives students time to greet their friends before class.

The Department of Education requests that a reasonable explanation be provided for lateness. Students who arrive late without a justifiable reason will have a consequence imposed such as a detention or play-ground clean-up (depending on the frequency of lateness). Their late arrival is recorded on the official roll and on the student's school report. If lateness is persistent, parents will be contacted by the HT Welfare to discuss the reasons and develop a plan to improve attendance.

Under no circumstances will students leave the premises during school hours without the permission of the Principal or Deputy Principal. An 'Early Leavers' pass will be issued in response to a written request from a parent. Students not carrying this pass will be redirected back to school by authorities if caught. The note giving an adequate reason is to be presented to a Deputy Principal, a minimum of 24 hours prior to the requested leave time. Only in exceptional/emergency situations will notes for Early Leave be processed on the day. Parents are advised to make appointments for their child out-side of school hours where possible.

3. Injury and Illness at School

It is essential that parents inform the school if contact or emergency telephone numbers change. If an accident/injury or illness occurs at school we will: render basic first aid, and contact parents.

In the case of an accident which requires urgent medical attention, we will call an ambulance. The school does not have sufficient staff to supervise students in Sick Bay for lengthy periods of time. If a student is too ill to return to class, parents will be contacted and arrangements made for the student to be collected from school. One period in length is the maximum time permitted in Sick Bay.

4. Detention

Detention sessions are held during lunchtime or after school. At these sessions, students go to selected classrooms to be supervised by teachers as a consequence for such things as disturbing the progress of a lesson or breaking school rules. For more serious offences students are detained after school on a Wednesday for forty minutes, 2.20pm-3.00pm.

5. Movement About School

Students are to move in an orderly manner and keep to the left side of corridors and stairway when moving about the school or when lining up for classes.

6. Office Duty

Office Duty by students has been a feature of life at Hunters Hill High School for many years. Throughout the year students from Years 7 and 8 are selected in turn from the roll to perform this duty.

The purpose of Office Duty is multi-faceted. First and foremost it is a community service for the entire school community. Hunters Hill High School is a large school and the school does not have an intercom system. Many students will be called to the school offices throughout the day to take messages from their families, see the Principal, DPs, Psychologist, SSO or other school personnel. The vital function the office duty students perform enables a timely response. Performing the duty helps develop and refine skills of time management, understanding and following directions and interpersonal skills. Students get to understand the structure of the school better and come into contact with a wide variety of teachers, Head Teachers and support staff. The students receive praise and encouragement for doing the duty and many students report that they thoroughly enjoy the responsibility that comes with their day of office duty. The P & C support the practice of office duty, however if any parent wishes that their child not complete office duty please contact student reception and their child's name will be removed from the office duty roll.

7. Out of Bounds Areas

Certain areas in the school grounds are out of bounds. These include car parks and all areas indicated in the out of bounds map. In the afternoon, students waiting for buses must wait in the assembly area until their bus has been called by the teacher on duty, to ensure their safety.

8. Presence in Classrooms

No student is to be in classrooms before or after school or during recesses. These areas are out of bounds at these times and at lunch without the permission of a staff member.

9. School Canteen

Lunches may be purchased from the school canteen by order (before school only), or at recess and lunch. Students will not be given permission to leave the school grounds to purchase lunches, or to go home during lunchtime. Students are not permitted to organise the delivery of fast foods such as pizza to the school as this breaks the Healthy School Canteen Policy.

10. Sport

The aim of the sports program is to teach the basic rules, techniques and skills of different sporting activities for students to be able to partake in active interests during their leisure time.

Tuesday afternoon sport is compulsory for all students in Years 7-10. Students have the opportunity to choose a Grade or House/Recreational sport. Grade teams play against other schools in our zone on a weekly basis. Sports include: cricket, basketball, touch, tennis, softball, baseball, netball, water polo, volleyball, soccer and hockey. House/Recreational activities include: gym, basketball, yoga, soccer, touch, tennis, and volleyball,

Talented students have the opportunity to represent the school at Zone, Regional or State levels. We have a commitment to our zone to participate in swimming, cross country and athletic carnivals and have a very proud and successful record. We have consistently been a high performing school in the region in all of these sporting activities.

All students must wear the PE/Sport uniform which can only be purchased at the school uniform shop. Students unable to participate in sport will assist staff in scoring or other ways at sport. Appointments should not be made on a Tuesday afternoon as it is a mandatory part of the curriculum. If they are, an appointment card must accompany a note requesting permission to leave early the day before sport.

Students without proper sports uniform (including sports shoes) will be sent to a room for the sports afternoon and be detained until 3.00pm. Disobedient or unruly students will be detained till 3.00pm.

Many students go by bus to sporting venues. Despite our best organisation, buses are sometimes late in bringing the students back to school. All students should have an emergency plan in case they miss their bus home. Students and parents should discuss the procedure.

11. Staff Rooms

These are out of bounds at all times to students. If you wish to see a teacher, knock and wait for a teacher to answer.

12. Textbooks

Textbooks may be issued by some faculties in the school. These texts will be provided to the students in good condition and are expected to be returned in the same condition.

13. Travelling to and from School

Students are subject to school rules when travelling to and from school. Whether walking or travelling by public transport, they are expected to obey all safety rules, and to conduct themselves in such a way as to bring credit to themselves, their parents, and the school.

HUNTERS HILL HIGH SCHOOL BULLYING AND HARASSMENT POLICY

Rationale

All schools in NSW are committed to taking action to protect students from bullying and to respond appropriately when bullying does occur. At Hunters Hill High School, all students and staff have the right to learn and work in a safe and secure environment. No student, employee, parent, caregiver or community member should experience bullying within the learning or working environments. Bullying can be illegal if it involves behaviours that include physical violence, threats of violence, damaging property or stalking. At Hunters Hill High School we believe that:

- > Our school community serves to support an environment where it is not acceptable to bully or harass.
- Our school community supports a culture that says it is OK to report incidents of bullying and harassment. In such an environment, the cycle of silence about bullying can be broken.
- Our school community recognises that the student, parents, school staff and community members can tackle bullying and harassment in a consistent manner. Appropriate structures, policies and practices are in place to deal with dayto-day incidents of bullying and harassment.
- Each person has the right to be valued for his/her individuality, to be cared for, trusted and encouraged to express him/herself is a supportive school environment.

School community beliefs about bullying

It is important that students, staff and parents/carers have a shared understanding of what bullying is, how it impacts on people and how bullying is responded to at Hunters Hill High School. Bullying has three main features:

- > it involves a misuse of power in a relationship
- ➢ is ongoing and repeated, and
- > involves behaviours that can cause harm.

Bullying can happen in person or online, and it can be obvious (overt) or hidden (covert). Bullying behaviour might include;

- Direct physical threats or assaults
- Unwanted sexual attention
- > Social exclusion of one by another or a group
- Verbal insults or spreading rumours
- > Sending of threatening or demeaning messages by SMS, Email, Internet, Social Media
- Non-verbal signals
- Graffiti or offensive clothing

Some behaviours, while not bullying, are conflicts that still need to be addressed and resolved. Examples include:

- > mutual arguments and disagreements (where there is no power imbalance)
- > not liking someone or a single act of social rejection
- one-off acts of meanness or spite
- > isolated incidents of aggression, intimidation or violence.

Reporting Incidents and Responses to bullying

At Hunters Hill High School bullying in all its forms is not accepted and all members of Hunters Hill High School accept their responsibility to promote positive relationships and to prevent bullying.

Reports of bullying will be investigated and acted upon. Responses to bullying might include support for targets of bullying and perpetrators and/or disciplinary measures.

The teacher will intervene to stop the bullying. The teacher may conduct and complete a mediation contract or refer the situation to a Year Adviser or Deputy Principal if serious.

A Year Adviser may employ one of the following intervention strategies:

- Traditional disciplinary approach
- Mediation
- Restorative practice
- Support group method

Serious and repeated incidents

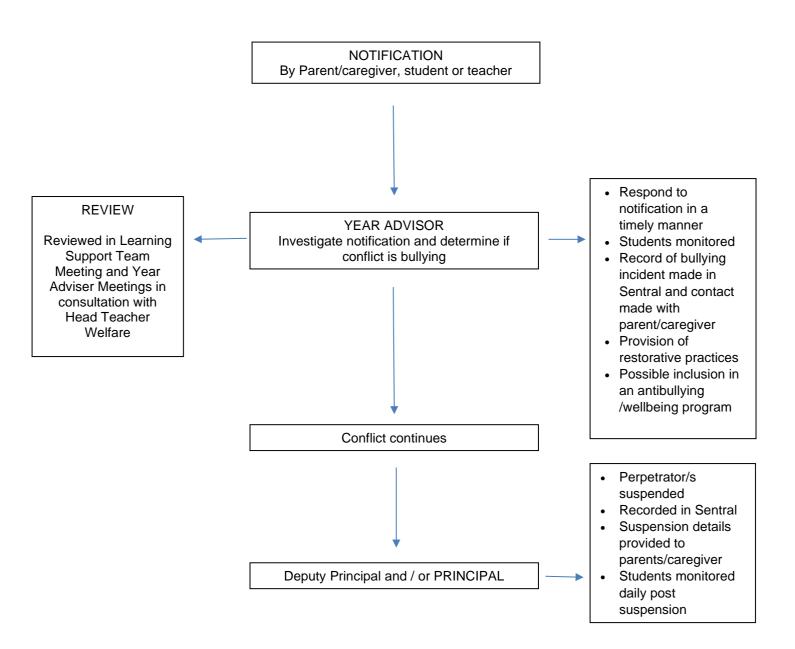

Not all cases of bullying will be easy to deal with, but these cases will be dealt with through providing support for victims and their families, and consequences for bullies.

In serious cases, mediation between parties will be encouraged and the unacceptability of the deed (not doer) will be emphasised. The effect the deed has had on all parties involved will be explored. Our aim at this stage is to help the perpetrator see that a change in behaviour is required, that the victim feels supported and that the problem is solved with arrangements for restitution to be made.

Response

MANAGING STUDENT CONFLICT

The following flowchart represents the plan of action the school community will undertake to combat bullying. Not all disagreements or conflict are bullying, therefore it is important to review suspected incidents to determine the nature of the conflict. If bullying has occurred, the school community is committed to resolving the incident positively through initiatives and strategies that promote positive student relationships and discourage bullying behaviours.

Prevention Programs

Effective social skills and positive relationships act to prevent bullying. At Hunters Hill High School we promote effective social skills and positive relationships through:

- Year Advisers who Case Manage for students with difficulties in their year levels. Year Advisers often become among the first people to hear about any bullying behaviour and will take appropriate action including regular contact with parents.
- > UMatter mentoring sessions with a Teacher Mentor to develop resilience, conflict resolution and reflective skills.
- Student Leadership Team
- Alternative Programs that emphasise tolerance and respect such as the Friends Resilience program, Raise Mentoring, Ready, Set, Sail, Rock and Water and Creating Chances
- Extra-Curricular programs to support and challenge students and to provide them with opportunities to develop new and important life skills

The Bullying Incident Package involves a series of confidential interviews based on an intervention strategy devised by Professor Anatol Pikas called the Method of Shared Concern. Basically, it is a method of dealing with bullies that avoids an accusatory approach. It deals with bullies as individuals and aims to move the bully towards behaving responsibly as an individual.

The method aims not only at helping victims but also aims at changing attitudes of children who join in group bullying. If the group members are re-individualised, as Pikas suggests, they will begin to act responsibly and change is more likely to be lasting, not merely maintained by surveillance.

School Mobile Phones Policy

Hunters Hill High School recognises that many students may possess mobile phones carried for reasons of security and communication with families. However, in accordance with the Department of Education, our school employs the 'off and away' phone policy. Students must turn off mobile phones on entry to school and not turn them on until they leave. Further we recommend that students do not bring mobile phones to school as mobile phones must not interfere with the delivery of lessons or the learning of any student.

If parents urgently need to contact their child during the day they should contact the school by phone: (02) 9817 4565 or email: <u>huntershd-h.school@det.nsw.edu.au</u> and the message will be delivered.

In consultation with our community, the following guidelines have been prepared.

DURING LESSONS:

- 1. Mobile phones are not to be seen in the classroom. They are to remain switched off and inside students' bags. Phones are not to be carried in pockets.
- 2. Headphones are not accepted in the classroom.
- 3. HHHS accepts no responsibility for the security of mobile phones. If a student brings a mobile phone to school, then they are responsible for its appropriate use, storage, and safe keeping.
- 4. Mobile phones are NOT to be used as calculators they are not NESA approved.
- 5. If a mobile phone rings or a student receives a text message, the student will be, in the first instance, instructed to turn the phone off.
- 6. If a mobile phone is removed from a bag during a lesson, the student will be given a verbal reminder to put this in their bag.
- 7. If a student needs to leave the classroom for matters such as bathroom visits, the phone remains in their bag in the classroom.
- 8. Failure to follow the directions of the teacher following one verbal warning will be met with our school's behaviour policy including parent contact, student recess or lunch reflection, or referral to the Head Teacher.
- 9. Repeated violations will result in an agreement with the parents that a student will: a) Not bring a mobile phone to school for an agreed amount of time b) Hand the phone in at the office at the beginning of each school day c) They will collect the phone from the security of the school office after the end of day bell.
- 10. If repeat violations of the school's mobile phone policy occur, the Deputy Principal may request the return of the mobile phone to the parent rather than the student. Continued disobedience with phone use will be treated with our school's behavioural steps.

ON THE SCHOOL GROUNDS:

- 1. In line with the Inclosed Lands Act, students may not take images or videos of other students. They may not share images or videos via digital messaging, or on online platforms. Only school approved videos and images may be shared online in accordance with our approved list of students with permission to publish.
- 2. Students may not bully or harass others on digital platforms.
- 3. Behavioural consequences will follow non-compliance.

TESTS, EXAMINATIONS & ASSESSMENT TASKS:

Hunters Hill High School follows the guidelines of NESA with regards to the total prohibition of any communication devices (phones, watches, laptops) within an examination area for NAPLAN and HSC. This is to ensure that equity is maintained for all students.

- 1. Students are not permitted to bring a mobile phone, on their person or with their equipment, into an examination area or a classroom area that is being used for the conducting of a test, examination, or assessment task. Teachers should remind students of this requirement prior to them entering the room. (This provision cannot be overridden by turning the phones off).
- 2. Any incoming or outgoing call / message / text will be automatically regarded as assessment malpractice and will result in the student receiving a zero mark for the test, examination, or assessment task. No negotiation as to the content of received messages or what was present on the device will be entered into.

SMART WATCHES

Smart watches should be placed on aeroplane mode during lessons. If a student is seen to be messaging via the smart watch, then they will be instructed to place this in their bag, and the same procedures as per mobile phones will be followed.

EXEMPTIONS

The school will manage individual requests from parents/or carers, and students, for any exemptions to the policy. The school may allow students to use mobile phones in specific circumstances, such as for an educational purpose, to achieve student health and wellbeing outcomes, or as part of reasonable adjustments to enable students with specific needs to participate in education on the same basis as other students.

School Uniform Policy

INTRODUCTION

It is our policy that all students in Years 7 to Year 12 should wear a school uniform when attending school, or when participating in a school-organised event outside normal school hours, unless exempted from doing so by the Principal on designated days. We provide a complete list of the items needed for school uniform in our school and on our website. Effective teaching and learning requires organisation, and this starts with a smart and tidy appearance which helps to instil discipline and pride in students' appearance.

AIMS AND OBECTIVES: Our policy is based on the notion that a school uniform

- Complied with Department of Education Uniform Policies
- Promotes a sense of identity and pride for students attending the school
- Engenders a feeling of community and belonging
- Is practical and smart
- Encourages a sense of equality among peers
- Has been designed with health and safety in mind
- Approved by the P&C particularly for affordability, quality and sustainability

ROLES AND RESPONSIBILITIES: The Governing Body

- Monitors and reviews the school uniform policy.
- Seeks the views of parents in the maintenance and creation of the policy.
- Requires the Principal to report to the Governing body on the implementation of the policy.

The uniform has been designed and endorsed by the P&C Association. It is the school community expectation that all students will wear the uniform without variation. School uniform builds a sense of community and ownership in the student body, ensuring pride in the school and its attainments as well as forming a lasting impression of the school in the wider community. It contributes to the development of student self-discipline and self-esteem, allowing clear identification within the school and community.

THE DRESS CODE

The school uniform must always be worn without individual variation.

- Years 7 12 must wear their school uniform everyday
- On Tuesday Year 7-10 students, may wear their school uniform or sports uniform. If students have a timetabled practical Technology or Science lesson on Tuesday, leather shoes must be worn. (See next page). Seniors must wear school uniform.
- Students are expected to be neat, modest, tidy, and well-groomed at all times.
- WHS compliance: Jewellery is to be small and unobtrusive and of a safe design. Students will be required to remove unsafe and inappropriate jewellery. No fake Nails. Hair should be neat and tied off the face.
- Students representing the school are required to wear full school uniform.
- Uniform should be worn appropriately: Shirts and Blouses must be visible when wearing a jumper or jacket, shorts and skirts should not be folded or shortened.
- If undershirts are worn, they are to be white only (all undershirts worn under the uniform must not be visible).
- The school hat is the only hat worn at school, on school excursions or for sporting events.
- For formal events students must be in school uniform, especially if they are participating in the assembly.
- Students are expected to wear school uniform on school excursions unless otherwise notified.
- Makeup, if worn, is to be minimal and appropriate for school.
- Specialist uniform for dance and hospitality classes must be worn only for the duration of these classes.

SCHOOL UNIFORM - General Uniform for Junior Students - Years 7 to 9

Tops

- Short sleeved, sky blue polo shirt with school crest
- Short sleeved sky blue shirt with school crest
- Short sleeved blouse sky blue with school crest Long sleeved sky blue
- Long sleeved sky blue blouse with school crest
- Long sleeved sky blue collared shirt with school crest

Bottoms

- Navy shorts (men's cut and/or women's cut)
- Navy pleated skirt

Warm

- V-neck jumper with school crest
- Navy scarf with HHHS detail
- All Shirts must be worn under school jumpers and jackets

Sports Uniform

- Tuesday students can wear the sports uniform to school
- Unisex sports polo shirt with school crest
- Unisex navy sports shorts
- Microfibre track pants (Tuesday sport or PE practical lessons only)
- Team uniforms for specific sports such as soccer, rugby, basketball may be worn when required. These team uniforms are supplied on loan arrangement by the PDHPE department at the school
- All Polo Shirts must be worn under 'warm' Jumpers and Jackets

SCHOOL UNIFORM - General Uniform for Senior Students - Years 10 to 12

Tops

Short sleeved white collared shirt with school crest - Short sleeved blouse with white school crest

Long sleeved collared shirt white with school crest

Bottoms

• Navy shorts (men's cut and women's cut)

Navy pleated skirt

Warm

- V-neck Acrylic school jumper
- Soft shell school jacket
- Navy beanie with HHHS Figtree logo
- V-neck sloppy joe
- Navy scarf with HHHS detail
- All Shirts must be worn under school jumpers and jackets

SCHOOL UNIFORM ACCESSORIES – ALL YEARS

- School tie (navy with sky blue stripe)
- School blazer navy with sky blue trim (available on pre-order only)
- Plain navy cap with HHHS logo
- Socks (navy or black)
- Black leather shoes
- HHHS backpacks or appropriate backpacks required. Handbags are not.

SPORTS UNIFORM

- For Year 7 to Year 10: On Tuesday's students can wear the sports uniform to school
- For Year 11 and 12: Seniors only wear sports uniform for sporting events or for PDHPE related classes
- Unisex Sports polo shirt with school crest
- Unisex navy sports shorts
- Microfibre track pants (Tuesday sport or PE practical lessons only)
- Team uniforms for specific sports such as soccer, rugby, basketball may be worn when required. These team uniforms are supplied on a loan arrangement by the PDHPE department at the school
- All Polo Shirts must be worn under 'warm' Jumpers and Jackets

TECHNOLOGY UNIFROM

- White Apron Hospitality
- Blue Apron Workshop Rooms
- Black Leather Shoes (please see picture below for reference

FOOTWEAR POLICY

This policy covers the wearing of acceptable and unacceptable school footwear, and to inform you that wearing of acceptable footwear complies with Work, Health and Safety legislation which enables students to participate in TAS workshop activities and practical Science lesson. All students are required to wear plain black, leather shoes to school. Acceptable school uniform shoes should have full leather uppers with no breather holes or fabric and have a reasonable sole thickness. Boots or shoes that cover the ankle are not acceptable. In practical Science and Technology lessons, it is a Work Health and Safety

24

- Navy long pants (men's cut and/or women's cut)
- V-neck sloppy joe with school crest

- Long sleeved blouse white with school crest

- Navy long pants (men's cut and women's cut)

- Navy beanie with HHHS Figtree logo

requirement and a Department of Education regulation, that appropriate, safe leather shoes are worn. Shoes are required to be plain black with no other colour present. Plain black shoelaces should also be worn. On Tuesdays Years 7-10 students have the option of wearing their sport uniform to school with runner/jogger style of shoes appropriate for participation in sporting activities. If students have a practical lesson (Science or Technology) on Tuesdays, they need to bring they need to bring their regular school shoes for those lessons.

UNIFORM SHOP

The Uniform Shop is open every TUESDAY morning during term from 8.30am - 11.30am. Parents and Carers are welcome to come onsite to purchase uniforms. All visitors to Hunters Hill High School, including for the Uniform Shop, MUST sign in at Parent Reception using the QR code.

ONLINE SALES

Orders can be made online for **student pick up or delivery via Auspost.** Please click on the link to make an online purchase: <u>https://huntershd-h.schools.nsw.gov.au/about-our-school/what-we-offer/uniform.html</u>

DONATE YOUR OUTGROWN UNIFORM ITEMS

We welcome the donation of second-hand uniform items at the Uniform Shop.

SUSTAINABLE OPPORTUNITIUES FOR HHHS

Sustainable School wear will also be partnering with the school students and community to educate and collaborate on sustainability issues and projects.

For further information or for any questions, please email: uniforms@hhhspandc.org.au

ACCEPTABLE EXAMPLES OF PLAIN BLACK LEATHER SHOES:

X *	 X *	
X *	X *	

This type of shoe is acceptable for sporting activities

PLEASE SEE BELOW FOR A VISUAL OF OTHER CONSIDERATIONS OF ACCEPTABLE AND NON-UNIFORM

We thank you in advance for your support. If there are financial or other valid reasons for ongoing uniform concerns, please contact your child's Year Adviser, the Learning and Engagement Officer or relevant Deputy Principal.

P & C Association

The Hunters Hill High School P & C Association extends a warm welcome to all parents and invites them to its meetings. These are held at the school on the Monday of week 3 and 7 of each term, and they provide an opportunity for all parents and citizens to participate in its activities.

We are proud of our successes in providing amenities which are not financed by the Department of Education and Communities, and we gain pleasure from working together for the benefit of the children. We are always in need of support, so if you would like to make an entry in your diary - the Monday of week 3 and 7 each term - we would be pleased to see you.

Student Representative Council (SRC)

The Student Representative Council involves students in many areas of school life. SRC members assume high profile leadership positions within our school community.

Students from each Year group are elected by their peers to represent them on the Council and, together with the Captains and Vice-Captains, work together in helping to formulate decisions, and to arrange activities, which aim to make our school an interesting and enjoyable place to learn. The SRC also initiates and supports many fundraising activities to benefit our school and others in the wider community.

The SRC meets weekly during U-Matter and operates under its own constitution. The constitution was devised and written by students on the Council.

Duke of Edinburgh

At Hunters Hill High School, the Duke of Edinburgh Award Scheme operates for students when they reach 14 years of age, generally Year 9.

The award involves four sections; Service, Skills, Physical Recreation and Expeditioning, which on satisfactory completion, leads to an award at either Bronze, Silver or Gold level.

High School over many years and we have a committed staff who encourage students through all aspects of this exciting and challenging program.

This is a program that develops a student's independence and skills. It is a program highly regarded by business and industry because it develops the leadership skills of those participating.

Do you live 2 kilometres or more from School?

Free bus transport to and from school each day is available for students who live a minimum distance from their school - to be eligible for a School Opal card to students must reside MORE than 2.0km straight line distance or 2.9km walking or further.

How to apply?

• Application is available online.

https://apps.transport.nsw.gov.au/ssts/

https://www.opal.com.au/en/about-opal/opal-for-school-students/

Student Safety arriving and departing School

Parents are requested not to drive into the school grounds to "drop off" or "pick up" their child if they have been driven to school.

For pickup it is preferred that you organise a location some distance from the entry to the school to help alleviate congestion or have your child wait inside the school grounds until you arrive for "pick-up".

Hunters Hill High School Library

Hunters Hill High School Library is a multi-functional area that provides an environment that is conducive to 21st century learning. Our primary aim is to provide a quality service that attends to the needs of the school community.

Hours

8.30am to 3.10pm daily. The library is open before school, at recess and at lunch where students are welcome to read, work on jigsaws, play chess or work quietly. There is no eating in the library.

Our collection

- Extensive Fiction Collection catering to all tastes
- Non-Fiction
- Graphic Novels
- Reference

Loans

Up to 8 books may be borrowed by junior students (4 fiction and 4 non-fiction). The loan period is 2 weeks.

Borrowing

Students use their Students ID to borrow library items.

Printing

The library offers a printing service for the students. Printing can be collected before school and during recess and lunch. All printing must have the student's name on the front page of the document for it to be printed.

Library Areas and Uses

Our library is primarily used for academic purposes. Students are provided with access to technology and collaborative workspaces. Chess boards and jigsaw puzzles can be accessed during the breaks.

Year 12 Study Skills during the day

Students must sign in on the sheet near the front desk. Students are expected to be organised and have work to do during study periods.

Expectations

The library is a shared learning space, therefore it is expected that students follow the school's core values of respect, responsibility and active learning.

Library Staff are happy to assist with any enquiries

Student Assessments

Assessment

Each course of study will have a series of assessment tasks. These will take a variety of forms including essays, topic tests, examinations, research tasks and practical class assessments.

At the completion of each task, students will receive a mark or grade for that task.

Method of Reporting

Reports will be available on a semester basis. There will also be a Parent Teacher Night.

Student Responsibilities

Task Submission

- Assessment tasks must be completed by the due date and time as stipulated by the Assessment Notification.
- The Assessment Notification and/or teacher will specify how the task is to be submitted, eg via Google Classroom, Microsoft Teams or a hard copy in class.
- Where a due date is given for a hand-in task, it is expected that the task will be submitted within the lesson of that subject.
- Failure to complete a task by the required date will result in a mark of 0% awarded.
- A genuine attempt at all tasks must be made and submitted to an acceptable standard.

Illness/Misadventure

- If there is cause for Illness/Misadventure, the student must download a Misadventure Form from the Hunters Hill High School website or see their teacher for a Misadventure Form.
- If a student is absent for an assessment, they must contact their teacher and the Head Teacher of the subject.

Plagiarism/Malpractice

- All work submitted must be the student's own original work.
- In the case of plagiarism/malpractice (eg copying of internet dumping), the student will be awarded zero.
- Students must follow examination procedures (this may include no devices, notes or looking at the work of others).
- Students adhere to the rules and protocols of formal examination.

Students should be aware that the Principal must certify that all courses of study have been satisfactorily studied, i.e. assignments, practical work, class essays, topic tests or research are completed.

Failure to complete all set work may place the student's completion of Stage 4 outcomes in jeopardy

English

English in Year 8 is both challenging and enjoyable. The Year 8 English program forms the consolidation of our Stage 4 program and aims to:

- build on and extend the skills gained in Year 7
- instil in our students a life-long love and involvement with all forms of literature
- enable all students to improve their competence and confidence in reading, writing, speaking, listening and viewing
- develop student skills in Information Communication and Technology as they apply to English

Report Outcomes

- EN4-1A, EN4-5C, EN4-7D: Analyses a range of text types to create a personal evaluation on notions of Australian identity
- EN4-1A, EN4-7D, EN4-6C: Engages with Speculative Fiction texts to create a narrative that expresses an understanding and interpretation of their broadening world
- EN4-2A, EN4-4B, EN4-5C, EN4-9E: Uses a widening range of processes, skills, strategies and knowledge for responding to and composing texts in different media and technologies
- EN4-1A, EN4-3B, EN4-5C: Identifies and analyses how imagery shapes meaning, and constructs imagery to convey meaning in poetic texts.
- EN4-1A, EN4-2A, EN4-3B, EN4-5C, EN4-4B, EN4-9E: Students utilise skills in reading and writing to create and respond to a variety of texts

	Торіс	Assessment: Type	Date of Task	Weighting
1	Australian Identity	Personal Essay	Term 1 – Week 9	25%
2	Genre: Speculative Fiction	Imaginative Task Reflection	Term 2 – Week 6	20% 5%
3	Appropriation	Monologue and Script	Term 3 – Weeks 8	25%
4	Imagery and the natural world	Essay	Term 4 – Week 5	25%

Mathematics

Course description

Mathematics is a reasoning and creative activity employing abstraction and generalisation to identify, describe and apply patterns and relationships. The symbolic nature of mathematics provides a powerful, precise and concise means of communication.

Mathematical ideas have evolved across all cultures over thousands of years and are constantly developing. Digital technologies facilitate this expansion of ideas, providing access to new tools for continuing mathematical exploration and invention. Mathematics is integral to scientific and technological advances in many fields of endeavour. In addition to its practical applications, the study of mathematics is a valuable pursuit in its own right, providing opportunities for originality, challenge and leisure.

Mathematics in Stage 4 provides students with knowledge, skills and understanding in Number and Algebra, Measurement and Geometry, and Probability. It focuses on developing increasingly sophisticated and refined mathematical understanding, fluency, communication, logical reasoning, analytical thought and problem-solving skills. These capabilities enable students to respond to familiar and unfamiliar situations by employing strategies to make informed decisions and solve problems relevant to their further education and everyday lives.

Students will also develop their reflective practice under the guidance of their teachers. A strong reflective practice is essential for long-term success in Mathematics; it will promote a better sense of ownership in students' learning and aid in improving confidence and resilience. In practising a reflective mindset, students will take an active interest in their learning, approach errors in their work with curiosity rather than fear, and evaluate their approach to learning to improve their achievement of outcomes.

Report Outcomes

Students will have:

- Developed knowledge, understanding and skills in Number
- Developed knowledge, understanding and skills in Algebra
- Developed knowledge, understanding and skills in Measurement
- Developed knowledge, understanding and skills in Geometry
- Developed knowledge, understanding and skills in **Probability**

Science

Subject outline:

Science provides an empirical way of answering interesting and important questions about the biological, physical and technological world. Scientific knowledge is contestable and is revised, refined and extended as new evidence arises or existing evidence is re-conceptualised. The study of Science is a collaborative, creative endeavour and has led to a dynamic body of knowledge organised as an interrelated set of models, theories, laws, systems, structures and interactions. It is through this body of knowledge that science provides explanations for a variety of phenomena and enables sense to be made of the natural world.

Course Outline:

Topics covered this year:

- From little things big things grow
- Chemical World II
- Body systems
- Energy and electricity
- Off the planet

Report Outcomes:

- Demonstrates knowledge and understanding about scientific concepts.
- Plans and safely carries out a range of investigation types collaboratively and individually.
- Processes and analyses data from first-hand investigations and secondary sources to identify trends patterns and relationships, and draw conclusions
- Uses appropriate strategies, understanding and skills to suggest solutions to problems and communicates using written and visual methods.

	Task Type	Task type and outline	Date	Task weight
	Topic Test	Test of scientific understanding and skills	Term 1 Week 9	20%
Semester 1	Portfolio of Work	Collection of writing and experimental analysis	Term 2 Week 5	20%
		Ongoing record of learning in class	Term 1 and Term 2	10%
	Data Analysis Task	In class scientific thinking skills test	Term 3 Week 6	20%
Semester 2	Yearly Examination	In Class examination with notes	Term 4 Week 4	25%
		Ongoing record of learning in class	Term 3 and Term 4	5%

Assessment Outline

Geography

Students undertake geographical inquiry to build knowledge and understanding of people, places and environments through the collection, collation and analysis of primary data and secondary information. Students propose explanations for spatial distributions, patterns and trends and infer relationships. They propose solutions, and may take action to address contemporary geographical challenges and predict outcomes.

Course Overview

Water in the World	(10 weeks)
Interconnections	(10 Weeks)

Report Outcomes

- **GE4.1** Locates and describes the diverse features and characteristics of a range of places and environments
- **GE4.6** Explains differences in human wellbeing
- GE4.5 Discusses management of places and environments for their sustainability
- **GE4.8** Communicates geographical information using a variety of strategies

Task Type	Assessment Type	Date	Task weight
Skills Test		Term 1 Week 10	40%
Research Project	Students complete a research project investigating climate and weather at the local scale. This knowledge is then applied to the impact that climatic factors have on individuals at a local level.		40%
Reading Comprehension and Critical Thinking	Students reading comprehension and critical thinking is discretely assessed in class.	Term 1, Week 2 Term 2, Week 1	20%

History

The Stage 4 curriculum provides a study of the nature of history and historical sources, both archaeological and written. Students investigate ancient history from the time of the earliest human communities to the end of the ancient period (approximately 60 000 BC – c. AD 650). It was a period defined by the development of cultural practices and organised societies, including The Vikings, Medieval Europe, Japan under the Shoguns and The Spanish Conquest of the Americas.

Course Overview

Topic 1: The Vikings (7 weeks)

Topic 2: Polynesian Expansion (6 weeks)

Topic 3: The Black Death (7 weeks)

Report Outcomes

- **HT 4-1** Describes the nature of history and archaeology and explains their contribution to an understanding of the past.
- HT 4-2 Describes major periods of historical time and sequences events, people and societies from the past.
- HT 4-8 Locates, selects and organises information from sources to develop an historical inquiry.
- HT 4-9 Uses a range of historical terms and concepts when communicating an understanding of the past.

Task Type Assessment Type		Date	Task weight
Source Analysis Test	Historical skills test based on source interpretation and analysis.	Term 3 Week 9	40%
Polynesian Expansion Research Project	Students complete a research project investigating the major features of a Polynesian society focusing on the historical developments of Polynesian societies and Polynesian expansion throughout the Pacific.	Term 4 Week 3	40%
Reading Comprehension and Critical Thinking	Students reading comprehension and critical thinking is discretely assessed in class.	Term 3, Week 1 Term 4, Week 1	20%

Course Description

PDHPE develops students' capacity to enhance personal health and well-being. It promotes their enjoyment of and commitment to an active lifestyle and to achieve confidence and competence in a wide range of physical activities.

Through PDHPE students develop knowledge, understanding, skills values and attitudes that enable them to advocate lifelong health and physical activity.

Student participate and are assessed in range of sports and physical activities. The assessment of students' skills and movement competence will be mapped to against the NSW Physical Literacy Continuum (for more information visit: <a href="https://education.nsw.gov.au/teaching-and-learning/curriculum/key-learning-areas/pdhpe/physical-literacy/physical-

Report Outcomes (will be selected from the following for Semester 1 & 2)

A Student:

- PD4-1 examines and evaluates strategies to manage current and future challenges
- PD4-2 examines and demonstrates the role help-seeking strategies and behaviours play in supporting themselves and others
- PD4-3 investigates effective strategies to promote inclusivity, equality and respectful relationships
- PD4-4 refines, applies and transfers movement skills in a variety of dynamic physical activity contexts
- PD4-5 transfers and adapts solutions to complex movement challenges
- **PD4-6** recognises how contextual factors influence attitudes and behaviours and proposes strategies to enhance health, safety, wellbeing and participation in physical activity
- PD4-7 investigates health practices, behaviours and resources to promote health, safety, wellbeing and physically active communities
- **PD4-8** plans for and participates in activities that encourage health and a lifetime of physical activity
- PD4-9 demonstrates self-management skills to effectively manage complex situations
- PD4-10 applies and refines interpersonal skills to assist themselves and others to interact respectfully and promote inclusion in a variety of groups or contexts
- PD4-11 demonstrates how movement skills and concepts can be adapted and transferred to enhance and perform movement sequences

Program Summary

Student will:

- enhance their sense of self, improve their capacity to manage challenging circumstances and develop caring and respectful relationships
- move with confidence and competence, and contribute to the satisfying and skilled performance of others
- take actions to protect, promote and restore individual and community health
- participate in and promote enjoyable lifelong physical activity
- develop and apply the skills that enable them to adopt and promote healthy and active lifestyles.

Assessment Components	Task 1	Task 2	Task 3	Task 4	
Date of Task	Term 1 Week 10	Ongoing through PE lessons Term 1/2	Term 3 Week 10	Ongoing through PE lessons Term 3/4	Weighting
Type of Task	Take Home Task: Reviewing Risk	Practical Movement Competencies	Take Home Task: Feeling Fit & Fabulous	Practical Movement Competencies	%
Theory	25		25		50
Practical		25		25	50
Marks	25	25	25	25	100

Creative and Performance Arts

Music

The aim of year 8 Music is to provide students with the opportunity to continue developing their understanding of music notation and terminology whilst providing them with the opportunity to participate in music making and composing. Throughout the year students have the opportunity to play keyboards, guitars or further develop their skills for a specific instrument studied at home and experience performing and learning about current music trends. They will listen to a wide range of musical styles that led to the development of today's popular music genres.

Report Outcomes Semester 1	Report Outcomes Semester 2
4.3 performs music demonstrating solo and/or ensemble	4.4 demonstrates an understanding of musical concepts
4.5 notates compositions using traditional and/or non-	through exploring, experimenting, improvising,
traditional notation	organising, arranging and composing
4.10 identifies the use of technology in the music	4.6 experiments with different forms of technology in the
selected for study, appropriate to the musical context	composition process
	4.9 demonstrates musical literacy through the use of
	notation, terminology, and the reading and interpreting
	of scores used in the music selected for study

Program Summary

Topics of study include: Pop/Rock, Australian, Movie Music, Jazz, Keyboards, Ukulele, Singing, Guitars, and Ensembles

Year 8 Music	Task 1	Task 2	Task 3	Task 4
Due Date	Term 1 Week 7-8	Term 2 Week 5	Term 3 Week 7	Term 4 Week 5
Task	Listening In Class Task 2 periods		Composition In Class Task over 2 periods	Performance In Class Task over 2 periods
Outcomes	4.7 4.10	4.3	4.4 4.6	4.1
Nature of Task	Listening/ Responding/ Writing task to several music excerpts [Identify Describe Explain the elements of music]	Perform from the list of pieces studied in class	iPad composition using Garage band. Composing for film.	Perform from the list of pieces studied in class
Weight	30	20	30	20
Report Weighting Semester 1 Report Total Task 1-2 = 50%			Semester 2 Report To	otal Task 1-4 = 100%

Visual Arts

Visual arts places great value on the development of students' intellectual and practical autonomy, reflective action, critical judgement and understanding of art in artmaking and in critical and historical studies of art.

Visual arts plays an important role in the social, cultural and spiritual lives of students. It offers a wide range of opportunities for students to develop their own interests, to be self-motivated and active learners who can take responsibility for and continue their own learning in school and post-school settings.

Report Outcomes

Semester 1	Semester 2
4.5 investigates ways to develop meaning in their artworks	4.1 uses a range of strategies to explore different artmaking conventions and procedures to make artworks
4.6 selects different materials and techniques to make artworks	4.4 recognises and uses aspects of the world as a source of ideas, concepts and subject matter in the visual arts
4.7 explores aspects of practice in critical and historical interpretations of art	4.10 recognises that art criticism and art history construct meanings

Program Summarv

Technology Mandatory

Course Description

Technology Mandatory engages students in design and production activities as they develop solutions to identified needs and opportunities. Through the practical application of knowledge and understanding they learn about Agriculture and Food Technologies, Digital Technologies, Engineered Systems and Material Technologies.

Classes will be broken into Stream 1, 2, 3 and 4.

Stream 1: Digital Technologies

Stream 2: Engineering Systems

- Stream 3: Agriculture and Food Technologies
- Stream 4: Materials Technology

Digital Technologies

Students develop knowledge and skills in the use of a general-purpose programming language to design, produce and evaluate an information system using a microcontroller. They document their skill development tasks in a design and production folio.

Engineered Systems

Students explore how force, motion and energy are used to design and produce a wind turbine. They investigate how force is used in simple machines to propel a turbine to its greatest speed. Extension activities allow students to build a different propellers, test, evaluate and make changes.

Agriculture and Food Technologies

Students learn about the dairy industry and the range of food products that can be manufactured from milk. Students have the opportunity to grow herbs and vegetables and use them in practical food preparation lessons. They develop skills to make informed choices when preparing nutritious foods.

Material Technologies (Timber)

Students will work with timber and develop manufacturing skills when constructing a timber treasure box. Students will develop knowledge and understanding of the characteristics and properties of timber through research, experimentation and practical investigation.

Reporting Outcomes

Students will have:

- **TE4-1DP** designs, communicates and evaluates innovative ideas and creative solutions to authentic problems or opportunities
- **TE4-2DP** plans and manages the production of designed solutions
- **TE4-3DP** selects and safely applies a broad range of tools, materials and processes in the production of quality projects
- TE4-9MA investigates how the characteristics and properties of tools, materials and processes affect their use in designed solutions

Task	Timing	Weighting %	
Portfolio	Term 2, Week 4 Term 4, Week 4	40%	
Practical Project	Term 2, Week 4 Term 4, Week 4	60%	
Total Weighting %		100%	

Chinese

Course Description

The study of Chinese enables students to communicate with others in Chinese, and to reflect on and understand the nature and role of language and culture in their own lives and the lives of others.

Report Outcomes

Semester 1

ML4-INT-01 Exchanges information and opinions in a range of familiar contexts by using culturally appropriate language
 ML4-UND-01 Interprets and responds to information, opinions and ideas in texts to demonstrated understanding
 ML4-CRT-01 Creates a range of texts for familiar communicative purposes by using culturally appropriate language

Semester 2

ML4-INT-01 Exchanges information and opinions in a range of familiar contexts by using culturally appropriate language
 ML4-UND-01 Interprets and responds to information, opinions and ideas in texts to demonstrated understanding
 ML4-CRT-01 Creates a range of texts for familiar communicative purposes by using culturally appropriate language

Program Summary

Through the study of Chinese, students will

- engage and interact with peers in collaborative activities that involve planning and making arrangements
- locate information and identify gist in a range of spoken, written and digital texts and respond to it in English or Chinese
- recognise and use features of the Chinese sound system, discriminating use of tones, rhythm and sound flow
- use familiar Hanzi (Chinese character), identifying how character structure, position and component sequences relate the form of a character to its particular sound and meaning
- recognise their own and others' ways of expressing identity, reflecting on the relationship between language, culture and identity

Task number	Task 1	Task 2	Task 3	Task 4

Course description

- Students develop the knowledge, understanding and skills necessary for effective communication in Spanish. They learn to interact, access and respond to information and compose texts.
- They develop an understanding of the language system including sound, writing, grammar and text structure.
- Students also develop intercultural understanding of the interrelationship between the Spanish language and Hispanic culture and consider how interaction shapes communication and identity.
- Students develop the skills to communicate in Spanish. They listen and respond to spoken language. They learn to read and respond to written texts in Spanish. Students establish and maintain communication in familiar situations using Spanish.
- Students explore the diverse ways in which meaning is conveyed by comparing and contrasting features of the Spanish language. They develop a capacity to interact with Hispanic people, their culture and their language.

REPORT OUTCOMES

Semester 1

ML4-INT-01 exchanges information and opinions in familiar contexts by using culturally appropriate rehearsed language **ML4-CRT-01** identifies and responds to information and opinions in texts to demonstrate understanding

ML4-UND-01 creates a range of texts for familiar communicative purposes by using culturally appropriate rehearsed language

Semester 2

ML4-INT-01 exchanges information and opinions in familiar contexts by using culturally appropriate rehearsed language **ML4-CRT-01** Identifies and responds to information and opinions in texts to demonstrate understanding

ML4-UND-01 creates a range of texts for familiar communicative purposes by using culturally appropriate rehearsed language

Program summary

The Spanish course builds upon the students' existing understanding of the spoken and written word, and teaches them how to respond appropriately in a range of different scenarios and to different stimuli. The emphasis is on real communication in authentic situations, enhanced by information technologies. Students will also gain an awareness and appreciation of the diverse cultures of the Spanish-speaking world.

The four key skills of Listening, Reading, Writing and Speaking will be covered. Learning will be topic based and topics will include talking about oneself, personal relationships, school life and hobbies and sports.
