High School

# Hunters Hill High School

## BYOD – Bring Your Own Device Procedures

1. The term “device” in these procedures refers to any accepted personal mobile electronic device with the capability to connect to the Department of Education and Communities (DEC) Wi-Fi network.
2. Hunters Hill High School does not consider “Smart Phones” as devices in these procedures. Under no circumstances are students permitted to use a “Phone” as their personal device.
3. Students may bring their own devices to school and may access the DEC Wi-Fi network.
4. Use of devices at school is governed by school developed guidelines, processes and procedures.
5. The DEC will provide internet access through its wireless networks at no cost to students enrolled in NSW Public Schools at DEC sites.
6. Students are responsible for the care and maintenance of their devices including data protection and battery charging.
7. The DEC and Hunters Hill High will not accept any liability for the theft, damage or loss of any student’s device. Students who bring their own devices onto the school sites do so at their own risk.
8. Hunters Hill High will not provide hardware or technical support for devices.
9. Students and their parents/carers must complete a signed BYOD Agreement prior to connecting to the DEC Wi-Fi network. This form must be submitted to the student’s roll call teacher.
10. Where the school has reasonable grounds to suspect that a device contains data which breaches the BYOD Agreement, they may confiscate the device for the purpose of confirming the existence of the material. Depending on the nature of the material involved, further action may be taken including referral to the police. School disciplinary action may also be appropriate.
11. Use of BYOD devices in lessons is determined by the classroom teacher. Students are required to follow all teacher instructions regarding the use of BYOD devices.
