

# REVISED BUS ROUTES (WITH NEW ROUTE NOS) – 2016

## GENERAL TRAVEL INFORMATION

All students are to wait within the school grounds for afternoon bus services. Students will be directed onto school buses by teaching staff.

- Students are to ensure that they travel using an appropriate bus pass directly between school and home or to pay the correct fare.
- Students must “dip” their bus passes into ticket machines when entering buses.
- Students are not permitted to eat or drink whilst on STA buses.
- Students need to ensure that they are well-behaved whilst travelling on STA buses; poor behaviour on buses may lead to the loss of bus pass or STA travel privileges.
- Students travelling on buses should display courtesy and co-operation to all passengers and drivers.
- Students are to wait and permit adults and paying customers on to buses before they enter using school bus passes.
- Students should not travel on local buses if an equivalent school bus covers the same route.
